It is the responsibility of the manufacturer that products that are not tested by TÜV are produced on the basis of equivalence with the specifications of this certificate. TÜV has no control over the production of those products.

If changes are made to the product will void the validity of this certificate. This certificate does not allow the TÜV logo on the product without a validated signed logo agreement. The certificate should not be confused for approval for a commissioning inspection or periodic inspection, if applicable.

In accordance with the General Administrative Law Act, an objection may be lodged against this certificate of approval. In such a case, an official objection must be submitted to TÜV NEDERLAND QA B.V., Postbus 120, 5680 AC Best within six weeks after the date this certificate was posted. In this objection, it must be stated why this certificate is thought to be incorrect. Please enclose a copy of this certificate with this objection, as well as any other documents pertaining to the matter.
